## Executive Summary

- The Las Sendas History Project is an effort by some Las Sendas homeowners to discover, accumulate and help preserve the history of this place we call “home”.
- The Project will work in cooperation with the Mesa Historical Society and Museum.
- Duration will be 9 to 12 months, with results to coincide with the Arizona Centennial Year.
- Participation is open to any interested parties.
- Contributions of photographs and/or documents as well as information on flora and fauna will be welcome.
- Format of the final product to be determined by project members, it maybe archives, a publication and/or a community presentation.
- Funding - We expect the cost of this project to be minimal, relying on volunteer hours. We will address the question of financial sponsors, should that become necessary.
- Staff Involvement - We expect some staff participation in the areas of community communications and meeting scheduling. No more than is done for any ongoing community activity.
